

THREE (3) KINDS OF INSURANCE FOR HORSE-RELATED INDEMNITY

1. WEEKLY INDEMNITY

The Weekly Amount

Drivers	\$ 315.00
Trainers	\$ 295.00
Grooms	\$ 250.00
Field Representatives	\$ 250.00

The Benefit

The weekly benefit is payable from the 8th day of accidental injury for up to 104 weeks, in any 48 months. You must be wholly and continuously disabled.

Successive periods of disability are considered the same period of disability unless separated by either 3 consecutive months of active, full-time work or by one full day of work and due to wholly different causes.

Some Limitations

- You must be under the care of a physician during the entire period of disability.
- Your weekly indemnity amount will be reduced by income received from the Canada or Quebec Pension Plan, any Workers' Compensation Act or similar law, loss of income benefits available through legislation to which you or another member of your family is entitled, loss of income benefits under an automobile insurance plan, to the extent permitted by law, and employment income or disability benefits related to any employment in the horse industry other than any disability payment made by a provincial horseman's association.

2. MEDICAL/DENTAL

The Amount

Up to \$3,000 per horse-related accident for medical expenses (including \$2,000 for physiotherapy or chiropractic expenses) and \$3,000 for dental expenses.

The Benefit

Reimbursement of reasonable and customary charges for:

- treatment by a physician, surgeon, dentist or oral surgeon,
- services and supplies including hospital, nursing and ambulance which are incurred as the result of any one accident and within one year after the date of the accident. Treatment must start within 30 days after the date of the accident.

Coordination with Medicare

For Canadian residents: Benefits under this plan are in excess of the provincial medical or hospital plan benefits payable in your province of residence. For all other members: Benefits are in excess of any benefits which would have been payable under the Ontario Health Insurance Plan.

3. DEATH & DISMEMBERMENT

The Amount (Principal Sum)

Drivers	\$30,000
Grooms	\$20,000
Trainers	\$30,000
Field Representatives	\$15,000

The Principal Sum doubles if the accident occurs as a direct result of horse-driving on a member track during a scheduled event. If you become totally and permanently disabled because of the accident, the plan will pay up to the Principal Sum, less any loss benefits payable.

Table of Losses

For a loss which occurs within 365 days after the accident (or, in the case of loss of use, for which the loss is continuous for at least 365 days) the plan will pay up to:

For loss of:

Life	The Principal Sum
Both Hands or Both Feet or Sight of Both Eyes	The Principal Sum
One Hand and One Foot	The Principal Sum
One Hand or One Foot and Sight of One Eye	The Principal Sum
Speech and Hearing in Both Ears	The Principal Sum
One Arm or One Leg	3/4 Principal Sum

One Hand or One Foot or Sight of One Eye	2/3 The Principal Sum
Speech or Hearing in Both Ears	2/3 The Principal Sum
Thumb and Index Finger or at least 4 Fingers of One Hand	1/3 The Principal Sum
All Toes of One Foot	1/4 Principal Sum

For loss of use of:

Both Legs or Both Arms or Both Hands	The Principal Sum
One Leg or One Arm	3/4 Principal Sum
One Hand or One Foot	2/3 Principal Sum

The Principal Sum is the maximum amount that would be paid for all injuries to any one person resulting from any one accident. "Loss" means complete loss by severance except that in the case of loss of sight, speech or hearing, it means loss beyond remedy by surgical or other means.

"Loss of use" means total loss of ability to perform every action and service the arm, hand or leg was able to perform before the accident.
